FACT SHEET ABOUT

MountainView Hospital

408*-bed Community Hospital • Staff: 1,440 • Physicians: 1,200

MountainView Hospital is a state-of-the-art, full-service medical facility located in the heart of Northwest Las Vegas, one of the fastest growing areas in the valley.

MountainView features nationally recognized programs including a top cardiovascular and thoracic center, the renowned Las Vegas Institute for Robotic Surgery, an Accredited Chest Pain Center and Certified Stroke Center. Other areas of excellence include emergency care, urology, wound care and gynecological services, orthopedics, vascular care and an inpatient rehabilitation unit.

The Sunrise Health Graduate Medical Education Consortium, based at MountainView, trains the next generation of physicians and surgeons.

MountainView Hospital is recognized for high patient satisfaction and for providing quality and compassionate care to our community since 1996.

*408 beds by end of 2018

Need to find a physician or get answers to your health questions? Call Consult-A-Nurse at 702.962.5021

3100 N. Tenaya Way • Las Vegas, NV, 89128 • 702-962-5000 • MountainView-Hospital.com

3100 N. Tenaya Way  •  Las Vegas, NV, 89128  •  702-962-5000  •  MountainView-Hospital.com 02.2018
In addition to the high quality care and clinical services provided in each hospital, Sunrise Health also offers convenient tools and resources you can access anytime to help you manage your health and provide up-to-date health information:

**Consult-A-Nurse®:**
Got a health question? Need a physician? The Sunrise Health Consult-A-Nurse® program is a free hotline answered by registered nurses 24 hours a day, 7 days a week. While the nurses can’t provide diagnosis over the phone, they can answer your health questions and help you find a physician specific to your needs. Simply call 702-962-5021.

**ER Text Message:**
When you’re hurting, you want to be seen fast. And sometimes the closest Emergency Room isn’t the one with the shortest wait time. By using the ER text message feature, you can find out wait times before you go to the hospital and then choose the best location based on your situation. Simply text ‘ER’ to 23000 from your cell phone; reply with your zip code; and receive average wait times at our area Emergency Rooms along with a number to call to speak with a nurse.

In the event of a serious injury or medical condition, it is always recommended to call 9-1-1 immediately. Standard text message rates may apply.

**Programs/Classes:**
Health to You, h2u, is a health and wellness program for adults 18 years and older. Through h2u, members gain access to health lectures, screenings, social events and national and local discounts as well as to many more membership benefits. For more information on the benefits of becoming a member visit us at www.SunriseHealthInfo.com under Community Information.

Be sure to also check out the variety of all of our health and wellness classes and events offered at the Sunrise Health facilities.
